

CERTIFICATE OF COMPLIANCE

WATER WIZARD® FIRE TRAILER

This document certifies that the Water Wizard® Fire Trailer system, manufactured by Magna Manufacturing, has been designed and built in accordance with applicable principles of NFPA 1906 (Standard for Wildland Fire Apparatus).

Magna Manufacturing manufactures trailers in compliance with the National Association of Trailer Manufacturers (NATM) guidelines for light- and medium-duty trailers.

The unit incorporates baffled steel tank construction, stability-focused design, integrated pump system, hose reel and nozzle configuration, compliant lighting and visibility features, and clearly labeled operational controls.

Authorized by:

A handwritten signature in blue ink, appearing to read 'Greg Hodgson', is written over a horizontal line.
